LINCOLN INSTITUTE NOTES.

Lincoln Institute opened Tuesday, with the largest enrollment in its history. The enrollment last year was four hundred and President Allen expects to make it five hundred. The Summer School had an enrollment of sixty eight and a very fine corps of teachers. Lincoln Institute is better advertised to-day than ever and some of the best teachers in the country are in touch with the work. The buildings and grounds are in excellent condition and everything points to a very successful year.

The central heating plant is nearly ready and all the buildings will be heated from the same boilers. The teaching force numbers twenty.

PEACE AND HAPPINESS.

Comes to colored people who use Black-No-More, the only reliable black skin whitener.

One bottle will convince the most skeptical that the dark skin can be removed and the skin once whitened, will take care of itself.

It has been tried by thousands of refined colored people and has never failed. It cannot fail.

One lady writing from New Orleans says: "I feel like I am walking on air since I have become white by the use of Black-No-More. Peace has settled down upon me and I can go anywhere with white people without being molested."

There are no bad after-effects following the use of Black-No-More.

From the first application the whitening process is carried on, evenly, without spots.

It clears a muddy complexion, removes blotches, is harmless and odorless.

It not only whitens but makes the skin smooth and velvety, brings a delicate, healthful bloom to the cheeks and clearness to the neck and arms.

Black-No-More will be sent in plain wrapper anywhere by express prepaid on receipt of the price, \$2, to cover express charges.

No free samples. If you wish goods sent C. O. D., enclose 3 cents in stamps.

Dr. James A. Herlihy,
